

'Whenever the pot the potter was working on turned out badly, as sometimes happens when you are working with clay, the potter would simply start over and use the same clay to make another pot.' Jeremiah 18 v 4

God can create beauty from brokenness. God's strength is often revealed when we feel at our most 'broken'.

Look at these pieces of broken pottery and reflect on its broken appearance. Talk to God about any brokenness that you are experiencing - the jagged edges that exist in you.

When you are ready, metaphorically place your brokenness into God's hands allowing Him to take all that you are experiencing. He can and does bring restoration and can use all your times of weakness to build you into a stronger person.

God can use even the most 'broken' vessel to share His love.
