

# Discover your own personal carbon footprint

Welcome - Hands Up!

How many of us here do not care for the environment?

How many have already done their own Carbon Footprint calculation?

Let's be kind to ourselves.

Lets make this fun,

## **Carbon Footprint Calculator**

WWF Footprint Calculator

<https://www.carbonfootprint.com> > calculator

The Nature Conservancy <https://www.nature.org>

The Open University

Multiple input saved

What If??? Lived with someone? Got rid of a car?

## **Your household**

I live alone!!! That increases my footprint

Room heating

Water heating

Appliances

Wind powered, solar powered – Washing Line

## **Travel Flying**

### **Food**

GOOD FOOD

IS GOOD FOR YOU

### **Income**

WOW the richer you are the more you use!!

Goods

I like stuff

Infrastructure

## **Countries/Governments/1st world/3rd world???**

Target

Play with targets

Decarbonisation

Avoid or Offset

## **Summary**

Take a kind look at yourself

Take a look at the Bible Genesis - Gospels

Ruth Valerio's book, "Saying Yes to Life."

Jesus promises a better life
